ZIVA®

THE WAY TO LIVE™

ZIVA® is an elite-performance sports and wellness brand. Distilled to its essence, our brand is driven by the peace of harmony and the joy of living, expressed most powerfully for us through sport, movement, and strength. This essential drive underpins our efforts to improve the physical and mental health of people all around the world.

This philosophy is reflected in our name. The “ZI” in ZIVA comes from the name of the founder of Daoism, an ancient Eastern religion that emphasizes harmony; living in accord with both the nature around you, and with your own nature; and cultivating an attitude of gratitude and happiness by following what it refers to as “The Way.” The “VA” in ZIVA is the second half of the Spanish word “viva,” which means to live fully, to strive with all your heart, and which is an exclamation proclaiming the absolute joy of life and all that it entails.

Our philosophy is embodied in our products. Their premium, progressive design is made to exist in beautiful, artful harmony with high-class gyms and modern homes while their rugged, high-performance functionality invites movement and energetic exertion.

And our philosophy is lived by every team member every day as we work in harmony with one another, joyously striving to bring holistic fitness to the world.

This is ZIVA and our WAY TO LIVE.

OUR STORY

The ZIVA® Journey began in 2008 in a single, out-of-the-way gym where from our earliest days, we sought to provide athletes and fitness enthusiasts with a transformational platform that could empower their fitness journey.

The things we practiced in the gym forged the values at the core of our company: innovation, inspiration, and precision. Our business has changed radically over the past decade and a half; we still have that out-of-the-way gym, but it's now part of the HQ of a global corporation where we coordinate design, manufacturing, marketing, and shipping of over 1,000 SKUs in over 80 markets.

Though we have grown, we will never outgrow the values we first formed in the gym. Today those values are expressed in our products with innovative solutions, inspirational designs, and precision manufacturing.

COMMERCIAL

Commercial quality materials and manufacturing with iconic, eye-catching design: that's been the soul of ZIVA® since the very beginning. The products in our Commercial Line are all built for the most demanding environments: gyms where clients come to be inspired, to train hard, to build better bodies and better lives. We've made the products in this Line attractive, inspirational pieces that are rugged and durable, tough enough that gym-goers can grind out an excruciating set and drop their gear to the floor, while gym owners can feel proud watching them because they have the confidence that their equipment is made to last. From racks to rigs to bells, bumpers, bars, bags, and balls, every piece in the Commercial Line is designed to inspire, to lead users and owners to new heights of excellence and higher paths along The Way.

LEADING GLOBAL BRANDS POWERED BY ZIVA

ZIVA's reputation as the most trusted name in free weights and associated equipment has been built thanks to the biggest names in the fitness business. They, and other premium gyms, know they can rely on us for precision-cast weights with precision-cut and colored logos, and they know that ZIVA equipment will last in their rigorous, high intensity and high-traffic gyms thanks to our commitment to premium, elite-level quality. It's the commitment that sits at the heart of our business and is the soul of the ZIVA Way To Live.

CUSTOMIZED FOR YOU

At ZIVA® we know how important brand is, and how much pride a great looking brand inspires. That's why we make it easy for our customers to customize their most essential equipment with vibrant, true to life colors; precise and intricate laser-etched engraving; and complete collaboration at every step of the design process.

The process is remarkably simple:

1 **Our customers send us the .ai file of their logo. That's all we need to get started!**

GRIP DISKS

KETTLEBELLS

DUMBBELLS

BUMPERS

BARBELLS

2 **Based on the needs of their space and their brand, customers select the range of products they would like to customize.**

3 **We create true-to-life 3D images of the selected custom products at no cost to the customer. This is where the real collaboration begins!**

4 **Working together with our customer, we perfect the design until they are absolutely confident that it is the ultimate representation of their brand.**

SNP-DBPU-3339	SNAP Urethane Laser Dumbbell 25 kg

5 **When the design is ready, we assign each customized piece its own product code. This makes it easy for customers to expand their businesses while maintaining the same aesthetic.**

6 **And if there's ever a rebranding, name, or logo change, we go through the steps again, and every piece replaced thereafter will be updated with the new design.**

IT'S IN THE DETAILS

The visual impact of ZIVA® customization may be most striking in the case of our Urethane Dumbbells. The classic dumbbell design, upgraded with permanently secure chrome-finished handles with grip-assisting knurling, use a long-lasting UV-, water, and tear-resistant urethane coating that offers highly durable, highly vibrant choices in any Pantone color. Laser etching perfectly reproduces logos, so a full set of these customized dumbbells puts the facility's brand sitting on every rack and in dynamic motion in the hands of nearly every gym-goer for impressions that last.

Knurled handles with scratch-resistant chrome coating interlock with the solid steel dumbbell heads for a low maintenance, permanently secure design.

The solid steel dumbbell heads are coated with a scratch-, tear-, and corrosion-resistant PU jacket that stays looking newer for longer.

Laser-etched logos available in every Pantone color mean customization can be as intricate and detailed as desired.

Large, laser-etched colored numbers make weight ID easy, even from across the gym.

ZVO CUSTOMIZATION

The ZIVA® ZVO Series of free weights represents the pinnacle of performance, design, and durability. These best-in-class workout tools, created using the most advanced materials and manufacturing processes, provide a premium look and feel that is second to none. ZVO customization puts the best possible face on your brand, with perfectly done logos in any Pantone color on equipment that always inspires.
